RAW Capital Partners provides unregulated buy-to-let lending.

We are happy to lend to those with more complex circumstances. Our target market includes foreign nationals and UK expatriates and those with non-typical income profiles (business owners, professional landlords, retirees, etc.). We are also happy to lend to UK or offshore companies and trusts in well-regulated jurisdictions.

Our preferred security is standard construction new and good condition flats (1-2 bedroom) and houses (3-4 bedroom) in residential areas of major towns and cities in the United Kingdom, which are easily let and easily sold.

Exceptions to contents of Product Guide

We pride ourselves on being willing to consider (almost) any application.

However, when an application doesn't match the description above, or presents risks we are unable to effectively mitigate, higher interest rates and/or fees may be quoted.

Please note that the contents of this Product Guide are indicative terms only. Final offers are determined on a case-by-case basis.
