RAW Capital Partners provides unregulated buy-to-let lending.

We are happy to lend to those with more complex circumstances. Our target market includes UK residents with non-typical profiles (recent arrivals, first time buyer/first time landlords, non-owner occupiers, retirees, portfolio landlords, property developers, etc). We are also happy to lend to UK companies.

Our preferred security is standard construction new and good condition flats (1-2 bedroom) and houses (3-4 bedroom) in residential areas of major towns and cities in the United Kingdom, which are easily let and easily sold.

Exceptions to contents of Product Guide

We pride ourselves on being willing to consider (almost) any application.

However, when an application doesn't match the description above, or presents risks we are unable to effectively mitigate, higher interest rates and/or fees may be quoted.
